## NEW BUSINESS:

12-070-9037 - In February 2012, the media announced that Gov Quinn had decided to close a state operated facility to move residents into community group homes. This was a budget decision, not based on the needs of residents. A letter from the agency Director dated February 24, 2012 indicates that the family will be contacted by Department of Human Services and still the residents and/or families have not received additional correspondence. No one has followed through on this promise or provided additional information. The HRA had a discussion, trying to determine the best way to proceed. Tabled at the last meeting. Upon a motion by Emil Wilson, seconded by Kingston Schmid, member voted to table case opening.

13-070-9025 - a consumer states that his Physician will not prescribe medications that have helped with his psychosis in the past (Seroquel and Trazodone) instead he's ordering Zyprexa which has not helped in the past or is not helping now. The hospital has not included him in a treatment plan, though they presented some information and made him sign for it. He did not feel included in that process. Asked Physician to send him to a facility where he experienced success but Dr refused.

Upon a motion by Dr. Marguerite Riley seconded by Beverly Sweatman, members present agreed to case investigation.

13-070-9026 - recently an edict to remove all golf style pencils from individuals and offering soft ink pens. Consumers feel that the staff were being antagonistic by removing the pencils that had been the only writing utensils available prior to obtaining the soft pens. When staff were asked why the consumers couldn't retain their pencils they were told it was a safety issue. Also two of twenty patients were issued a notice of restriction. The complainant noted that the patients possess their room keys which may be considered more dangerous than pencils.

Upon a motion by Dr. Marguerite Riley seconded by Emil Wilson, members agreed to case opening.

13-070-9027 - a vegetarian patient is not allowed a vegetarian substitute for the meat entrée on 8 occasions since admission in February. When he complained to the dietician, she allegedly replied "if you don't like it, you should stop being a vegetarian.

Upon a motion by Beverly Sweatman, seconded by Dr. Marguerite Riley, members agreed to case opening.

13-070-9028 - a consumer was not allowed to possess a radio that was brought to him by a visitor. The facility will not allow the consumer to have the property because there was a name that had been etched into the product that was etched out. Therefore the staff assumed the radio was traded or stolen, all of which are illegal, sent out of the facility and then returned by a visitor. The consumer claims it was not sent out.

Upon a motion by Emil Wilson, seconded by Beverly Sweatman, member agreed to case opening.

13-070-9029 - Several Units with about 20 patients has only one telephone available and this causes many problems including fights on the unit. The second phone was disabled in

November and has not been replaced. The allegation states that communication is being impeded and personal safety is at risk.

Upon a motion by Dr. Marguerite Riley, seconded Behavioral Unit Nursing Supervisor Beverly Sweatman, members agreed to case opening.
